

Insurance Cover for Security Keys

Your Software Security keys must be insured for the **full replacement value** of your software to avoid experiencing severe financial loss in the event of one of them going missing, stolen or destroyed.

Our supplier's policies are hard and fast and **NO LEEWAY** is given in these circumstances.

There are two main types of events that affect the replacement of your key.

1. It is physically damaged or stops working. (you have something that you can return)
If your key is damaged and you still have it, then it will be replaced and the current charge is a "reburn fee" of \$550 + GST. Damaged keys (including fire, flood, squashed) must be returned before claims can be accepted
2. It is lost or stolen. (you have nothing that you can return)

If it is stolen or lost then the cost of your replacement keys are as follows:

Cabinet Vision and CabnetWare

1) The original Master Key – 100% of the total cost of all the options (Could be as much as \$70,000).

Note: With the supply of a police report you are entitled to a 50% reduction on the cost of the **Master Key Only.**
